

Baby its cold outside...

Do you know where this is?

I took this picture 23 December 2013

Hint #1:

FYI ...

The Charles W. Morgan is doing a 3 week cruise ending up at
Mystic Seaport Friday 8 August 2014

Hint #2

That is VJ Day Weekend this year.

4 boats went last year. How many flotilla boats will go this year?

This year some vessels will stop at either PJ, Brewers Marina outside of the Mystic RR Bridge Thursday & Friday. You could go to Jamestown or Newport Friday night. The rest of us will go Saturday morning from PJ. Weather is always better in the AM.

PJ is 12 miles from the Jamestown Bridge and

Watch Hill is 16 miles from Point Judith. You are then in protected waters!

It is another 6 miles to the mouth of the Mystic River. It will take 38 minutes to transit the Mystic River to the RR swing bridge at Mystic which is where the Brewers Marina is. You could also anchor just north of the North Basin at Mystic Seaport for the night if you wish Friday night. The OPs Officer will put the final Plans together. The Social Officer will put together a game plan for the weekend relative to food, schedule. Members that do not want to come by boat can come via car.

<http://www.mysticseaport.org/visit/plan-your-visit/visit-by-boat/>

We Need to put a \$100 deposit for each vessel that is going ASAP. You need to make a commitment before February 1st. That will be a popular weekend due to the Morgan. \$75 is refundable if you back out.
